3D SKIN REJUVENATION TREATMENT Using three state-of-the-art laser technologies, 3D Skin Rejuvenation improves common skin problems such as redness, mottled complexion, freckles and sun damage, as well as softens fine lines and wrinkles, shrinks pores, and tightens the deeper layers of the dermis for a rejuvenating effect. \$500 (regular \$600) *July, December*

BOTOX or DYSPORT An injectable medication that is an FDA-approved treatment for the temporary reduction of moderate to severe frown lines between the brows. A few tiny injections and within a week there's a noticeable improvement. There is no recovery or downtime. You can even receive Botox or Dysport Cosmetic treatment on your lunch break. Enjoy results that last up to four or more months. (save 10%) *February, June, October*

CHEMICAL PEEL This in-office peel improves skin texture and tone with minimal down time. Your aesthetician will determine which peel is right for you. (save 15%) *January, April*

COSMETIC FACIAL SURGERY Neck Lift, Face Lift, Eyelids, Nose Surgery and Endoscopic Brow Lift. 10% off any cosmetic facial surgery of your choice. Surgery must be paid for in this month. *April, September*

DERMAPLANE FACIAL Dermaplaning leaves your skin brighter and healthier giving you that "baby smooth" look and feel by removing the top-most layer of dead skin along with fine, vellus hair (aka peach fuzz) which are known for trapping dirt, oil and dead skin cells. \$135 (regular \$150) *January, July*

"DYNAMIC DUO" Combination of Filler and Botox/Dysport: ½ vial Botox or Dysport and a syringe of filler (Juvéderm, Restylane). This combination of treatments is an ideal way to make subtle changes to the face while retaining a natural look. Must be done together (by one person). (save \$200!) *September*

PEARL LASER or PEARL FUSION TREATMENT A safe and effective treatment for restoring the skin's natural glow. Pearl Laser reduces wrinkles, uneven texture and solar damage with one or two treatments and is gentler with less overall recovery than other technologies to provide a healthy, pearl-like glow. Patients will notice overall skin clarity, smoothness and softness all from a 30-minute treatment with only 3-4 days of "social" downtime. **Pearl treatment comes with follow up Microdermabrasion or Photo Rejuvenation and suggested skin care products are included.** (save 15%) *January, July, November*

REJUVENATING PHOTO FACIAL The Laser Genesis procedure utilizes non-invasive laser technology to safely, naturally and effectively treat fine lines, wrinkles, diffuse redness and produce collagen. Treatment is performed in a relaxed, comfortable manner without the use of topical anesthetics or gel. \$285 (regular \$350) *March, May, September*

ROSACEA TREATMENT This treatment combines Limelight laser and Genesis laser with no downtime. Limelight is the most advanced safe and effective approach to treating vascular lesions, discrete telangiectasia and to diffuse redness. Genesis Laser targets microvasculature, reduces erythema and stimulates collagen. Rosacea is chronic and cannot be "cured" with any laser or light source, however its appearance can be greatly improved. \$200 (regular \$225) *April, June*

SECRET RF Micro-needling with focused radio frequency delivery. Secret RF fractional micro-needling system delivers tailored energy to address fine lines, wrinkles, stretchmarks, scarring and photoaging skin from the inside out. The secret to effective micro-needling is that Secret RF smoothly penetrates the skin, delivering energy at various depths in the epidermis and dermis to induce collagen regeneration while sparing the skin's surface. (save 15%) *January, March, June, August, October*

HYDRATING MICROFACIAL The Hydrating Microfacial rejuvenates your skin using state-of-the-art diamond microdermabrasion to deeply exfoliate your skin and remove impurities without downtime, combined with a hydrating and anti-oxidant serum infusion, giving you an immediate glowing, dewy complexion while stimulating collagen growth and increased skin elasticity over time.
\$125 (regular \$140) *March, May, September*

JUVEDERM or RESTYLANE Injectable fillers can provide impressive rejuvenation to the face by filling or re-inflating the depleted volume, restoring hollow areas, softening wrinkles and even lifting tissues to a certain extent. Large volume fillers can provide a "spacelift" facelift by using the filler to do the lifting similar to blowing up a balloon.
(save 10%) *May, November*

JUVEDERM ULTRA or RESTYLANE SILK Silkier, smoother, natural-looking lips just in time for the holidays. Restylane Silk and Juvederm Ultra are specifically designed for lip augmentation, smoothing of wrinkles around the mouth and for correction of perioral lines, often called "lipstick lines". (save 10%) *December*

LASER HAIR REMOVAL Make unwanted facial and body hair a thing of the past with CoolGlide Laser. No more painful waxing, electrolysis or razors, CoolGlide Laser delivers 21st century technology that has been cleared for permanent hair reduction. It can treat men and women of all skin types and tones safely and effectively. Even patients with a suntan. (save 10%) *May, August*

MICRODERMABRASION/PHOTO FACIAL This is a combination of microdermabrasion and non-ablative laser treatment. Microdermabrasion uses a special diamond-tipped wand to exfoliate the upper layer of the skin and laser treatment improves the texture of the skin, reduces the pore size, fine lines and wrinkles, and helps with acne and rosacea.
\$175 (regular \$200) *February, August, October, December*
